Art Unit 2826, Examiner Dickey  
Docket No. CL-2172 US NA

Page No. 5

**Remarks: General**

The written description has been amended to provide a brief description of the new Figures 1 and 2, and to provide a description of the capacitor shown by Figure 1, and the AC-DC rectifier shown in Figure 2.

The claims have been amended by rewriting Claims 7~10, 12~15 and 17~20 to correct a misstatement in each of those claims as to the dependency thereof. The amendments to Claims 7~10, 12~15 and 17~20 do not narrow the literal scope of those claims, and such amendments are thus not related to patentability in the sense that they are made solely for the purpose of correcting typographical errors in matters of form.

New Figures 1 and 2 are submitted.

A petition under 37 CFR §1.136 for a two-month extension of time to respond the Examiner's action is enclosed, the fee for which should be charged to Deposit Account No. 04-1928 (E.I. du Pont de Nemours and Company).

By Applicant's calculation, no fees are due by reason of this amendment to the claims. If any fee other than or in addition to that mentioned specifically above is required to authorize or obtain consideration of this response, please charge such fee to Deposit Account No. 04-1928.

Claims 1~20 remain active in the application. Applicant hereby requests reconsideration and further examination of the application in view of the reasons it has set forth below for allowance of the claims.

**Remarks: Detailed Action**

I.

In Item 2, the Examiner has required Applicant to furnish a drawing under 37 CFR 1.81. Applicant submits herewith Figure 1, which shows a capacitor, and Figure 2, which shows an AC-DC rectifier. In view of the submission of Figures 1 and 2, Applicant respectfully requests the Examiner to find that the requirements of 37 CFR 1.81 have been met.

II.

In Item 5, the Examiner has objected to Claims 7~10, 12~15 and 17~20 because of a misstatement in each of those claims as to the dependency thereof. Each of those claims has been amended to state the correct dependency, and Applicant therefore respectfully requests the Examiner to withdraw this objection.

In view of the foregoing, Applicant submits that all of the Examiner's objections and rejections have been properly traversed, and that the pending claims are in condition for allowance, request for which is hereby respectfully made.

Respectfully submitted,
